

Elements Legal

It's a matter of chemistry

Our fundamental values

- Principled
- Involved
- Enterprising
- Proactive
- Solution-oriented

Elements Legal N.V.

Elements Legal is a modern and independent firm operating from a notarial civil law perspective. When we provide services, our objective is to relieve our clients from any burdens, whereby reliability, service-orientation and speed are self-evident.

You can turn to us for everything: from the legal opinion through to the execution of the notarial deed, often being the final step of transaction. If necessary, we engage other consultants such as lawyers, tax advisors, accountants and corporate finance advisors, in order to achieve the best results for our clients.

Expertise

A glimpse into our qualitative provision of services:

- (Cross-border) restructuring
- Private equity & venture capital participations
- Corporate housekeeping and governance
- Social and non-profit related enterprises
- Mediation

Team

Elements Legal attaches great value to diversity and reflects this in its practice. Our team is differentiated not only by its enthusiastic lawyers, but equally by everyone's diverse background. For a profile of each team member you can consult our website (www.elementslegal.com) or our LinkedIn page.

Rates

Elements Legal strives to provide the most (cost-)effective service. Additionally, we are always prepared to contemplate the best possible deal for each individual case.
